Information

Birth 📅 30th of October 1997 (Uccle)
Home 📍 Rue des Déportés 17 Woluwe-Saint-Lambert (1200)
Mobility 🚗 Driving license B

Education

2015 – 2020 📖 Bachelor & Master in **Computer Science** at UClouvain (Cum Laude)
Thesis: *Sensor fusion at the extreme edge of an internet of things network*: **16.8/20**

Working Experience

2020 📖 **Tutor** at UCLouvain for the LINGI 1131 course (Computer Language Concepts)

- Provided guidance and support to students, helping them understand foundational concepts in computer languages.

Nov. 2020 - Sep. 2022 📖 **Java Developer Consultant** at Centran (contracted by FPS Finances)

- **Proposed Simplified Return:**

- Project description: Automated prefilling of tax returns for millions of citizens, ensuring compliance and efficiency.
- Key Contributions: Maintained the tool and developed new features. Sped up the weekly-long process by making it at least 2 times faster.

- **Entity Project:**

- Project description: Automated determination of taxpayer status (resident/non-resident, single/couple).
- Key Contributions: Developed new features, ensured system stability, and continuously optimized application health and efficiency.

Working Experience (continued)

Sep. 2022 - Present

📌 **Java Developer** at ARHS Technology (contracted by Proximus)

- **Pack-for-Employee Project:**

- Project description: Application that enables employers to share internet and telephony costs with employees.
- Key Contributions: Independently managed core functionalities and successfully launched the revamped application into production on 13/11/2023.

- **Metroline Project:**

- Project description: Supported applications for managing and visualizing complex order and request flows across Proximus's Consumer and Business Units.
- Key Contributions: Delivered ongoing maintenance and enhancements, contributing to multiple successful releases.

Sep. 2022 - Aug. 2024

📌 **Professor** at EPHEC – Taught Java programming to adults in evening classes.

Feb. 2024 - Present

📌 **Tennis Instructor** at Tennis Club Animer – Coached students in tennis techniques and fundamentals.

Hard skills

Programming Languages	📌 Java, TypeScript, SQL, Python, C, Erlang, JSF, Scala, Prolog, Bash, ...
Frameworks and libraries	📌 Spring Boot, Angular, WebLogic, Lombok, RxJS, NgRx, Mockito, ...
Testing Tools	📌 Selenium, Cypress, JUnit, JBehave, Jest, Jasmine, SOAPUI, Postman, ...
Development Tools	📌 Maven, OpenAPI, SOAP, REST, GraphQL, GitLab, GitHub, OpenShift, Docker, Jenkins, Db2, DBeaver, Couchbase, MongoDB, WSL 2, FileZilla, ...
Project Management	📌 Slack, Trello, Jira, Targetprocess, Confluence,...
IDEs	📌 IntelliJ IDEA, Visual Studio Code, Eclipse, Android Studio, Vim

Soft skills

Languages	📌 French & Dutch: C2 English: Between C1 and C2 German: Zwischen B2 und C1
Personality	📌 Sociable, calm, thinker, fast learner, problem solver

Interests

Sports	Running, tennis, cycling, skiing, chess
Hobbies	Programming, reading, social drinking
